

The Leawood Lions Club has been serving our community's vision, hunger and homeless needs for more than 60 years. But did you know they also play a key role in the life of your Boy Scout? For more than five years the Leawood Lions Club has been the Charter Organization for both BSA Troop 10 and Pack 3010.

As a part of Troop 10's commitment to community service, T10 Boy Scouts have been volunteering side-by-side with the Leawood Lions Club to support their annual Salvation Army Bell Ringing campaign since 2014. To date, our scouts have rung bells hundreds of hours at various locations south of I-435. This is a time honored tradition coveted by many T10 families which assists the Leawood Lions who have been ringing bells to fill the red kettles since 1956.

The Leawood Lions Club is a small but mighty group of service minded individuals ranging from World War II veterans to stay-at-home parents. With a number of members who themselves are Eagle Scouts – or have grandchildren or children actively involved in scouting – and every member subscribing to the belief that kindness matters and service to others is at the heart of a healthy community, Troop 10 could not have a better partner than that of the Leawood Lions Club.
